Wellington School Priorities for 2017- 2020

- To provide a comprehensive education, equitable access, diverse opportunity, and a supportive learning environment for all students by strengthening instructional and assessment strategies using all available resources including the WSD Principles of Learning and the infusion of information and communication technology.
- To further develop academic and behavioural supports for students with special needs.
- To strengthen communication and partnerships with school communities and community organizations.
- To strengthen and enhance education for sustainable development initiatives that address environmental social and economic issues.

Parent and Community Involvement

At Wellington School, parents, staff and community members work together to support the education of our students.

Parent Gatherings

This year many of our parents attended Parent Gatherings held at Wellington School. The purpose of Parent Gatherings is for parents to hear more about what is happening at the school and in the community. The agenda includes reports from the School, Lunch Program and Family Room. Parents also made suggestions about which community group, service or resource they wanted to invite to present at each meeting. This year the parents heard presentations from Mama Bear Clan, North Point Douglas Women's Centre, Public Health Nurse (community health programs) and School Resource Officer, Constable Klassen. If you are interested in getting involved at our school and/or you have ideas about future presenters please come out and attend a Parent Gathering.

Volunteers

Wellington School values the role of families in the education of our students. If you are interested in becoming a school volunteer we would be happy to have you volunteer in a classroom, supervise during lunch in our lunch program or support students on field trips. If interested in becoming a volunteer, parents are asked to fill out the Winnipeg School Division registration form which is available in the Family Room.

Family Room

Our parents are invited to participate in programs and activities in our Family Room. Our Family Room features computer and phone access and volunteer information. Our monthly Newsletter provides information about various programs and activities that will take place in the Family Room each month.

Community Partnerships

Wellington School continues to partner with community organizations to better meet the needs of our students and families. This year we have partnered with the following organizations:

Evermore
Manitoba Conservatory of Music
University of Winnipeg
DMSMCA

Students

Wellington students have fundraised this year to support international and local community organizations.
