

Then...

# Gladstone School

*We've been in the heart of  
The Village since 1898!*

And Now...

Then...

## The History of Gladstone School

The original school opened in 1898 as a two room school called Pembina School. This school was situated at the corner of Osborne Street and Corydon Avenue and stood near the famous highway #75, then known as Pembina Trail to the United States.

It was rebuilt as a twelve room school in the same year after the original school burned down and was renamed Gladstone School. The School was named after William Gladstone, a great statesman and former British Prime Minister.

In 1962 Gladstone School made another transformation. The new building was erected on the current site at Gertrude Avenue near Nassau Street. The original school was torn down to make way for the playground and sports field.

In its 112 year history, Gladstone School has had only 17 Principals.

And Now...

## What Makes Gladstone School a great choice for your children?

Gladstone School is a Nursery to Grade 6 school with a diverse student population. Our students come from over 19 countries and speak numerous languages in their homes.

We promote inclusive education by providing support and programming for all learners, including English as an Additional Language and Special Needs students.

Student learning is enhanced through technology: every classroom has a SMART board and all students have access to computers, digital cameras, document cameras and computerized microscopes.

We celebrate community at Gladstone School and through effective collaboration, planning and support, our students strive to ***"Be the Best they can Be!"***

## Mission Statement

Gladstone School is committed to promoting the intellectual, social, physical and emotional growth of students who learn and play together in a caring community.

## Vision

Gladstone School will provide a warm and welcoming community that promotes students' success through engagement and life-long learning in a changing world .

## Values

At Gladstone School we embrace the following values:

- Providing a positive environment where every child experiences success
- Accepting, enhancing and celebrating diversity
- Promoting inclusive education
- Recognizing the importance of students' social, academic, intellectual and creative engagement in school
- Understanding our responsibility for the world's environmental, economic and social sustainable development
- Developing students' skills in social awareness, problem solving, communication and inquiry
- Promoting feelings of self-worth
- Encouraging healthy life style and physical fitness choices
- Nurturing students' pursuit of academic and personal growth
- Providing opportunities for student choice and voice
- Using assessment practices that support learning and support the learner to monitor and direct their own learning
- Involving families in their children's education
