École River Heights School presents an original musical:

The Prophecy

April 9, 2019 (Winnipeg, MB) – École River Heights School is taking to the stage in an all new and original musical play called “The Prophecy”. Written by students and staff, the show features seven original songs and features five unlikely heroes brought to a Land of Imagination.

“The cast and crew have worked on this production for almost six months – starting with conceptualizing and writing the script,” says Brad Burns, Principal, École River Heights School. “It’s a hands-on approach to learning literacy and numeracy through practical application of something that is fun to be part of, but also a medium that carries an important message.”

In the Land of Imagination, the heroes must use their creative gifts to defeat the dreaded Grumpkin.

There are 75 École River Heights School Grade 7 and 8 students involved including writers, performs and stage crew, along with six staff members: Kyle Collins, Writer, Editor, Director and Production Design; Adam Charbonneau, Musical Composer and Musical Director; Maya Diaz Hammond, Choreographer and Dance Director; Katherine Abra, Producer; Joy Taylor and Gary Gurniak, Sets and Production Design.
