NEWS RELEASE

Kelvin High School to hold “Shovel in the Ground” social May 14

April 29, 2016 (Winnipeg, MB) – Kelvin High School Parent Advisory Council is holding a “Shovel in the Ground” Social on May 14, 2016 at Kelvin High School. Attendees include community members, alumni, and supporters from across Winnipeg.

On April 14, 2014, the provincial government announced funding for a much needed gymnasium for Kelvin High School. The Kelvin community is enlarging this addition by 2000 sq. ft. to include a track and an Active Living Centre with areas for cardiovascular and muscular training equipment. To achieve its goal, the community has embarked on a fundraising campaign to raise 1.2 million dollars for the additional space. The committee has so far raised the following amounts:

Confirmed Funds \$896,211.00
Commitments \$25,000.00
Outstanding Grants \$125,000.00
TOTAL \$1,046,211.00

The fundraising committee is within \$155,000 of its goal and would truly appreciate your support.

Share the date, Saturday, May 14, 2016. Tickets are available in the school office – please call 204-474-1492 to reserve yours today.
