Search for a book

Now you can go to **Search** to enter the name of the book you want.

You can look up books by the name of the author, the title of the book, and even what the book is about.

**Hint:** There are also lots of lists you can browse through, like **New eBooks additions**, **New audiobook additions**, or **Most Popular**, and curated lists, like **MYRCA Awards**, **Read in French**, **Read in Spanish**, and more.

Let's say you search for a book you want to read: **The Night Wanderer**. Enter it into the **Search for a book box**, and hit enter. The search says we found one ebook called "**night wanderer**"

Click on **Borrow** and the book will be checked out to your account. Start reading!

You will have the book for 28 days. When the book is due, it will just disappear from your account.

If the book is not available, you will see a **Place Hold** button. Click on it and you will be in the waiting list for the next open copy.

At the bottom of the screen, you can always see the Home button. And a button called **Me**.

Click on the **Me button** to get stats – how many books you've read, how long you've spent reading. Here are some of the other features you'll find there:

**Stellar Student**  
Open an assigned book

**Stellar Student** -- find books your teacher assigns you to read.

**Write It Down**  
Make a note

**Write It Down** –make notes on books. The notes always stay in your account

**Pass It On**  
Return a book early

**Pass it on** – return a book early

**Highlight Reel**
