**I LOVE
TO READ**

Join Tec-Voc's Fair Trade & Sustainability students for I Love to Read Month!

Tec-Voc was designated a Fair Trade School in November 2018. One of the goals of Tec-Voc's Fair Trade & Sustainability Committee is to share Fair Trade knowledge to all ages in our school division. February's I Love to Read month is a perfect opportunity for our committee to do so!

Our committee has prepared an **"I Love to Read Fair Trade Activity Package"** for your classroom to share Fair Trade knowledge. All activities can be used for remote learners too!

All teachers who sign up to receive a Fair Trade Activity Package will be entered to win a Fair Trade gift basket! The gift basket will include a variety of Fair Trade products including coffee, tea, and chocolate!

An I Love to Read Fair Trade Activity Package will include:

- **Introductory Fair Trade PowerPoint/Google Slides**
- **Fair Trade YouTube Readings**
Tec-Voc Fair Trade & Sustainability students will read two Fair Trade books for students who are aged 5+:
 1. Juliana's Bananas: Where Do Your Bananas Come From?
<https://www.goodreads.com/book/show/20702395-juliana-s-bananas>
 2. Think Fair Trade First!
<https://www.goodreads.com/en/book/show/15828398-think-fair-trade-first>

An I Love to Read Fair Trade Activity Package will include (cont'd):

- **Fair Trade Word Search Puzzle**
Print and have students find all the Fair Trade words! Answer key will be provided.
- **Fair Trade Matching Game**
Students will match names of common Fair Trade related words with their pictures. Answer key will be provided.
- **Fair Trade Colour by Numbers Dice Game**
Students work in pairs or 3's to throw a die, each having individual colour by numbers sheets to colour. First to colour in the Fair Trade symbol wins! Don't have enough dice for each student to have their own? No problem, use this fun online dice roll tool ([Dice Roll Tool](#)) to play!
- **Fair Trade Kahoot! Trivia Game**
A link provided to play our Fair Trade Kahoot! Trivia Game! Can be played with remote learners too!
- **Design a Fair Trade Sticker Contest**
Students can design a Fair Trade sticker and be entered to have their sticker declared the **Tec-Voc Fair Trade Sticker of the Year!**

Stickers can be square, round, rectangular or oval. They can include pictures, text or a combination of both.

The winner of the Design a Fair Trade Sticker Contest will have their stickers printed by Tec-Voc Graphics! Stickers will be used on a variety of Fair Trade products offered around Tec-Voc as well as featured on our website and social media. **A class prize will also be awarded which will include a printed set of stickers and some Fair Trade treats!**

Completed stickers are to be uploaded here: [Upload Fair Trade Sticker Design](#).

Should you wish to receive access to our Fair Trade Activity Package, please fill out the following Google Form by February 5, 2021: [Sign Up - I Love to Read - Fair Trade Activity Package](#). All materials will be shared by February 12, 2021. Thank you for sharing the importance of Fair Trade with your students.

Sincerely,

Livia Gloux and Kathleen Mira, Teachers
Fair Trade & Sustainability Committee
Tec-Voc High School
