

Attention Faraday Families,

Please see attached from The WSD Communication Department

Re: The suspension of classes indefinitely.

Thank you,

Mrs. Cox

March 31, 2020

Update from WSD Senior Administration regarding Suspension of Classes Indefinitely.

Classes Suspended Indefinitely

The Province of Manitoba announced today that the current class suspension is now extended indefinitely. Should a change in the COVID-19 pandemic situation occur prior to the end of this school year, the suspension may be lifted. We have shared the full news release for you on [winnipegdsd.ca/parents/pandemic planning](http://winnipegdsd.ca/parents/pandemic%20planning).

Home learning will continue for students and Winnipeg School Division is continuing to support our teachers and schools in providing materials for parents and students to complete at home, starting again next week after Spring Break. Report cards will also be completed for the year, however the lowest grade your child will receive is what they had in each subject on the last day before the class suspension began, March 20, 2020. Students can continue to improve their final grades by completing home-learning assignments and participating in the home-learning lessons. Your school will be in contact with you following Spring Break with more information about home-learning packages for your children.

Grade 12 Provincial Exams have been cancelled and at this time, graduation ceremonies are on hold while the Province continues to monitor the COVID-19 pandemic. We sincerely hope that graduating students will have an opportunity in the near future to celebrate their accomplishments and WSD will support those efforts when the time comes.

Please note that all school field trips and events scheduled to the end of the school year have been cancelled.
