

OCTOBER 2022

Welcome to October! It's hard to believe we are already heading into the second month of school.

There are many exciting things happening in classes and the school as a whole. We are still getting to know our learners which includes assessing students to plan for their success in classes and learning about their personal interests and strengths. Part of the day on September 19th was set aside for teachers to meet and plan for students based on their individual needs.

There are several grade-level and school-wide activities happening this month for students. Many classes have begun booking field trips and our newly formed student council group is planning a Halloween dance at school. Sports activities continue with many students participating in cross-country and 6 volleyball teams preparing for their upcoming seasons. Other extra-curricular activities will also be starting this month, students are encouraged to listen to morning announcements and join the activities that interest them.

Thank you to everyone who came to Meet the Teacher on September 22nd. We enjoyed meeting the families of our students. We spent the last week of September engaging students in learning activities surrounding National Day for Truth and Reconciliation. We would like to thank Janice Millar, our Indigenous knowledge keeper for working with our staff and students examining the importance of this day. The week ended with a free lunch of stew and biscuits for all students.

Student interim progress reports will be sent home with students on October 20th. The report is meant to provide you with an opportunity to see how your child is doing so far, please engage your child/ren in discussion about their beginning of the year experiences. If you have any questions or concerns about your child's progress, please contact a classroom teacher, guidance counselor or administration at the school anytime.

Our school website has many pieces of information about school life at Isaac Newton. Please refer to the website for any questions you may have. You may also call the school at anytime to speak with a staff member to address any questions or concerns. We look forward to seeing parents and guardians at our Parent Advisory meeting on October 19th. Please notify the school if you plan to attend.

Principal

Julie Popke
Vice-Principal

WINNIPEG SCHOOL DIVISION

X-COUNTRY

Congrats to our athletes who competed in cross country this year. After four races, we had a number of top ten finishers, including a first place and some second place finishes at the grade 9 level. All our athletes had an excellent cross-country season. Go Blazers!

VOLLEYBALL SMASH

OCT 21 Grade 7/8 Volleyball Smash Tournament 3:30 –10:00pm
OCT 22 Grade 9 Volleyball Tournament 9:00am—3:00pm

MUSIC -MR.VANDERHOUT

Grade 9 Jazz band is making its post- Pandemic triumphant return this year. Selected students from grade 9 band are now forming an elite group to play pop hits and jazz classics and will be performing at both concerts this year. Can't wait to get this party started!! Rehearsals are Tuesday and Thursday mornings at 8 am sharp.

COMMUNITY CORNER

My name is Kim Marcyniuk, and once again this year, I am pleased to introduce myself to you as a School Community Support worker. I will be at Isaac Newton on Days 1, 3 and 5 of the school day cycle. I can be reached through the main school phone number, (204) 586-9606.

The main objective of this position is to support students and families, and to be an advocate between the home and the school, providing assistance through open communication and home visits.

Please watch the newsletter for up and coming events in and around our community. I look forward to hearing from you regarding any questions, concerns or ideas you may have.

If you wish to join our Parent Council Committee (PAC), you can contact me at the school.

GUIDANCE

DNA (Definitions Not Applicable) will resume meeting in October. Date and time to be announced, please keep an ear out for the start date in the morning announcements. If you have any questions, please feel free to speak to Mrs. Moore in the Guidance office.

ROOM 17

Dear families,

I'm pleased to have your child in my Grade 7 Math class this year. I look forward to moving your child's learning forward in mathematics together. In September, students engaged in the study of our first Math unit on Coordinates and Designs. Students learned how to identify plot integers on a number line and coordinate grid; identify the four quadrants of a Cartesian plane using ordered pairs; and perform and describe transformations of a two-dimensional shape in all four quadrants of a Cartesian plane.

During the month of October, our math class will focus on our second unit, dealing with the Order of Operations and Decimal concepts.

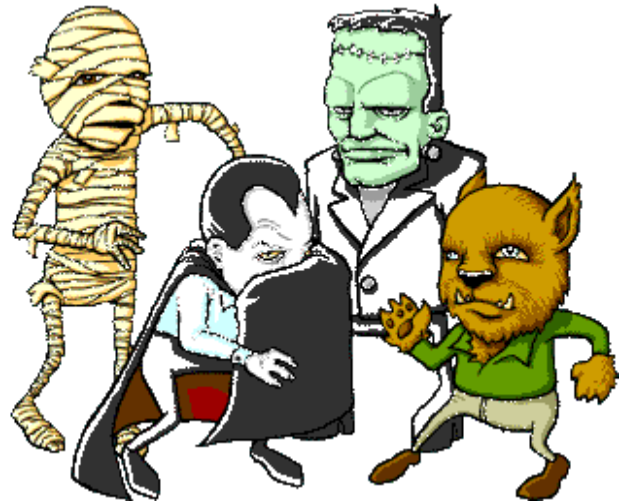

If you have any questions, please don't hesitate to call me at the school.

Sincerely,
Mr. Dhalla
Science, Math and Technology Teacher

STUDENT COUNCIL

If you love school dances, spirit week and other fun activities than a spot on the student council may be for you. Join us Thursdays at lunch in room 15 to help plan student events that will infuse our school with spirit and joy. ***Our first planned event will be the Halloween Dance on October 31.*** Come check it out for yourself and help ensure that this school year is a fun one.

Mr. Liewicki
Ms. Monaco
