Principal: Shane Fox

WINNIPEG SCHOOL DIVISION

As a part of the school learning experience, classes will be participating in community walks. Community walks are a great way to be active, as well as a way to explore the community they go to school in. Community walks will take place in the Glenelm area in a safe and respectful manner.

Quite often, our walks will depend on the weather and the day. As it is going to be a decision made the day of, we would like to collect permissions that will extend from the period of September, 2021 until June, 2022.

Please make sure your child is always dressed for the weather, we also would like to make sure no student is left out from a Community walk.

Thank you,

Glenelm School

I give permission for _____ Room _____ to participate in the Community walks that may take place during the school year.
