# Parent and community involvement

Parents play a vital role in our school. We have an active Parent Advisory Council that meets each month.

They are involved in many activities that support our children through their volunteering, fundraising and daily support. We have a large volunteer group that help with the following:

- ◆ Large-scale school development projects including technology upgrades, playground improvements
- ◆ Organizing and running the lunch program

The ÉSKS staff, parents and community work collaboratively to ensure the best learning opportunities for our children.
