Priorities for 2022-2023

The school priorities for the upcoming school year will focus on the following areas:

- **Students**
 - Develop student skills in literacy, math and science, problem solving, collaboration, critical thinking, and creative thinking.
 - Continuation of initiatives including the Reading Framework for Grades 1-2;
- **Learning Outcomes**
 - Continuation of projects, initiatives, and enrichment programs to achieve and exceed grade level outcomes in literacy, math, social studies and science
 - Supporting early childhood development initiatives in literacy and numeracy and use of data/evidence in achievement of educational outcomes
- **Addressing Barriers to Learning**
 - Improving academic and behavioural support services for students with special needs.
 - Introduce initiatives and programming to address mental health, behaviour, social skills and self-regulation
- **Communications and Partnerships with Community**
 - Continuing to engage parents, guardians, families, and caregivers as critical partners in learning

Parent and community involvement

Parents and caregivers play a vital role in our school. We have an active Parent Advisory Council that meet each month.

They are involved in many activities that support our students and staff through their volunteering, fundraising and ongoing daily support. Unfortunately, this year due to COVID-19 there were not opportunities for volunteering.

This year our PAC:

- Provided funds to support student resources
- Organized a Staff Appreciation Day
- Supported the Grade 6 Farewell
- Organized and ran the Lunch Program

This year due to COVID restrictions, parents and caregivers attended virtual student lead conferences. Our Winter concert celebration was also virtual this year. We are delighted to offer an in-person Grade 6 farewell in June. This small return to our Inkster tradition gives us all hope for a great year ahead.

The Inkster School staff, parents and community work together in a respectful and supportive partnership in order to ensure the best possible learning environment for our children!
