Our Purpose

Winnipeg School Division provides a learning environment that fosters the growth of each student's potential and provides equitable opportunity to develop the knowledge, skills, and values necessary for meaningful participation in a global and diverse society.

Our Vision

Is for current and future people learning and working within Winnipeg School Division to be:
Engaged, Confident, Inspired, and Successful Learners.

At Pinkham School, we believe that each person must be given the opportunity to develop academically, socially, physically and emotionally in a safe environment which enhances learning. Together, we work to promote lifelong learning and respect the dignity and ethnic diversity of all the members of the Pinkham School Community. We strive to develop positive partnerships between students, parents, staff and the community.

About our school

Pinkham is an elementary school located in the West Alexander neighbourhood serving a diverse population of 105 students. More than 20 cultural backgrounds are represented by the student population; who are embraced and celebrated through our school C.A.R.E. principle which states 'everyone belongs'. This principle guides students and staff to come prepared each day to be an active participant in learning and to seek out knowledge and inquire about the world around us. All staff are learners; acquiring new knowledge, implementing best teaching practices in a collaborative way to provide students with a high level of education.
