REVISION DATE:
PAGE: 1 of 1

School district boundaries within the Division shall be established under the direction of the Superintendent. Pupils shall normally attend the school in the district in which they reside, but may be permitted to attend any other school provided adequate accommodation is available.

The Superintendent may assign any pupil to any school irrespective of the place of residence of the pupil, if, in his judgment, the welfare of the child or of other children requires such assignment.

Code of Rules - Sec. 4.3

Schools - Students' Choice of

That students be permitted to attend the school of their choice provided that there is space available, that transportation costs be not borne by the Division, and that parents be informed of this policy annually prior to the beginning of the school year.
