**Grade 11 Career Exploration Day**

*January 18, 2023*

Dear Kelvin Families and Grade 11 Students,

Re: Call for interested community members

École Secondaire Kelvin High School is organizing a **Career Exploration Day** to provide Grade 11 students a brief exposure to various career options. We are looking for parent volunteers from a variety of careers who are willing to speak to small groups of students on a rotational basis. We are seeking speakers/presenters for **Wednesday, January 18, 2023**. We will also be planning a second career event, undetermined date for March 2023.

The format will be a round table where speakers will rotate between tables to speak with each group of students. This gives students a unique opportunity to learn about several careers in one day. Presenters will need to be available for 1-2 hours. These sessions will be held in the Kelvin library during school hours.

We estimate the need for 18-24 people for this career event. At this time, we will be taking names of anyone interested in speaking about their career and who is able to participate. Once we have gathered more information, we will confirm the details with available participants in early January.

If you are available and are interested in participating, please email the Kelvin Career Coach/Intern, Oksana Berezanski at **oberezanski@wsd1.org** as soon as possible.

Please consider bringing your career enthusiasm and expertise to our school and help us to provide this unique learning opportunity for our students and your children!

We look forward to hearing from you,

Ms. Lise Simonsen

Guidance Counsellor

Kelvin High School
